

# AIDSinfo: A Clinician's Resource for Comprehensive HIV/AIDS Treatment Information

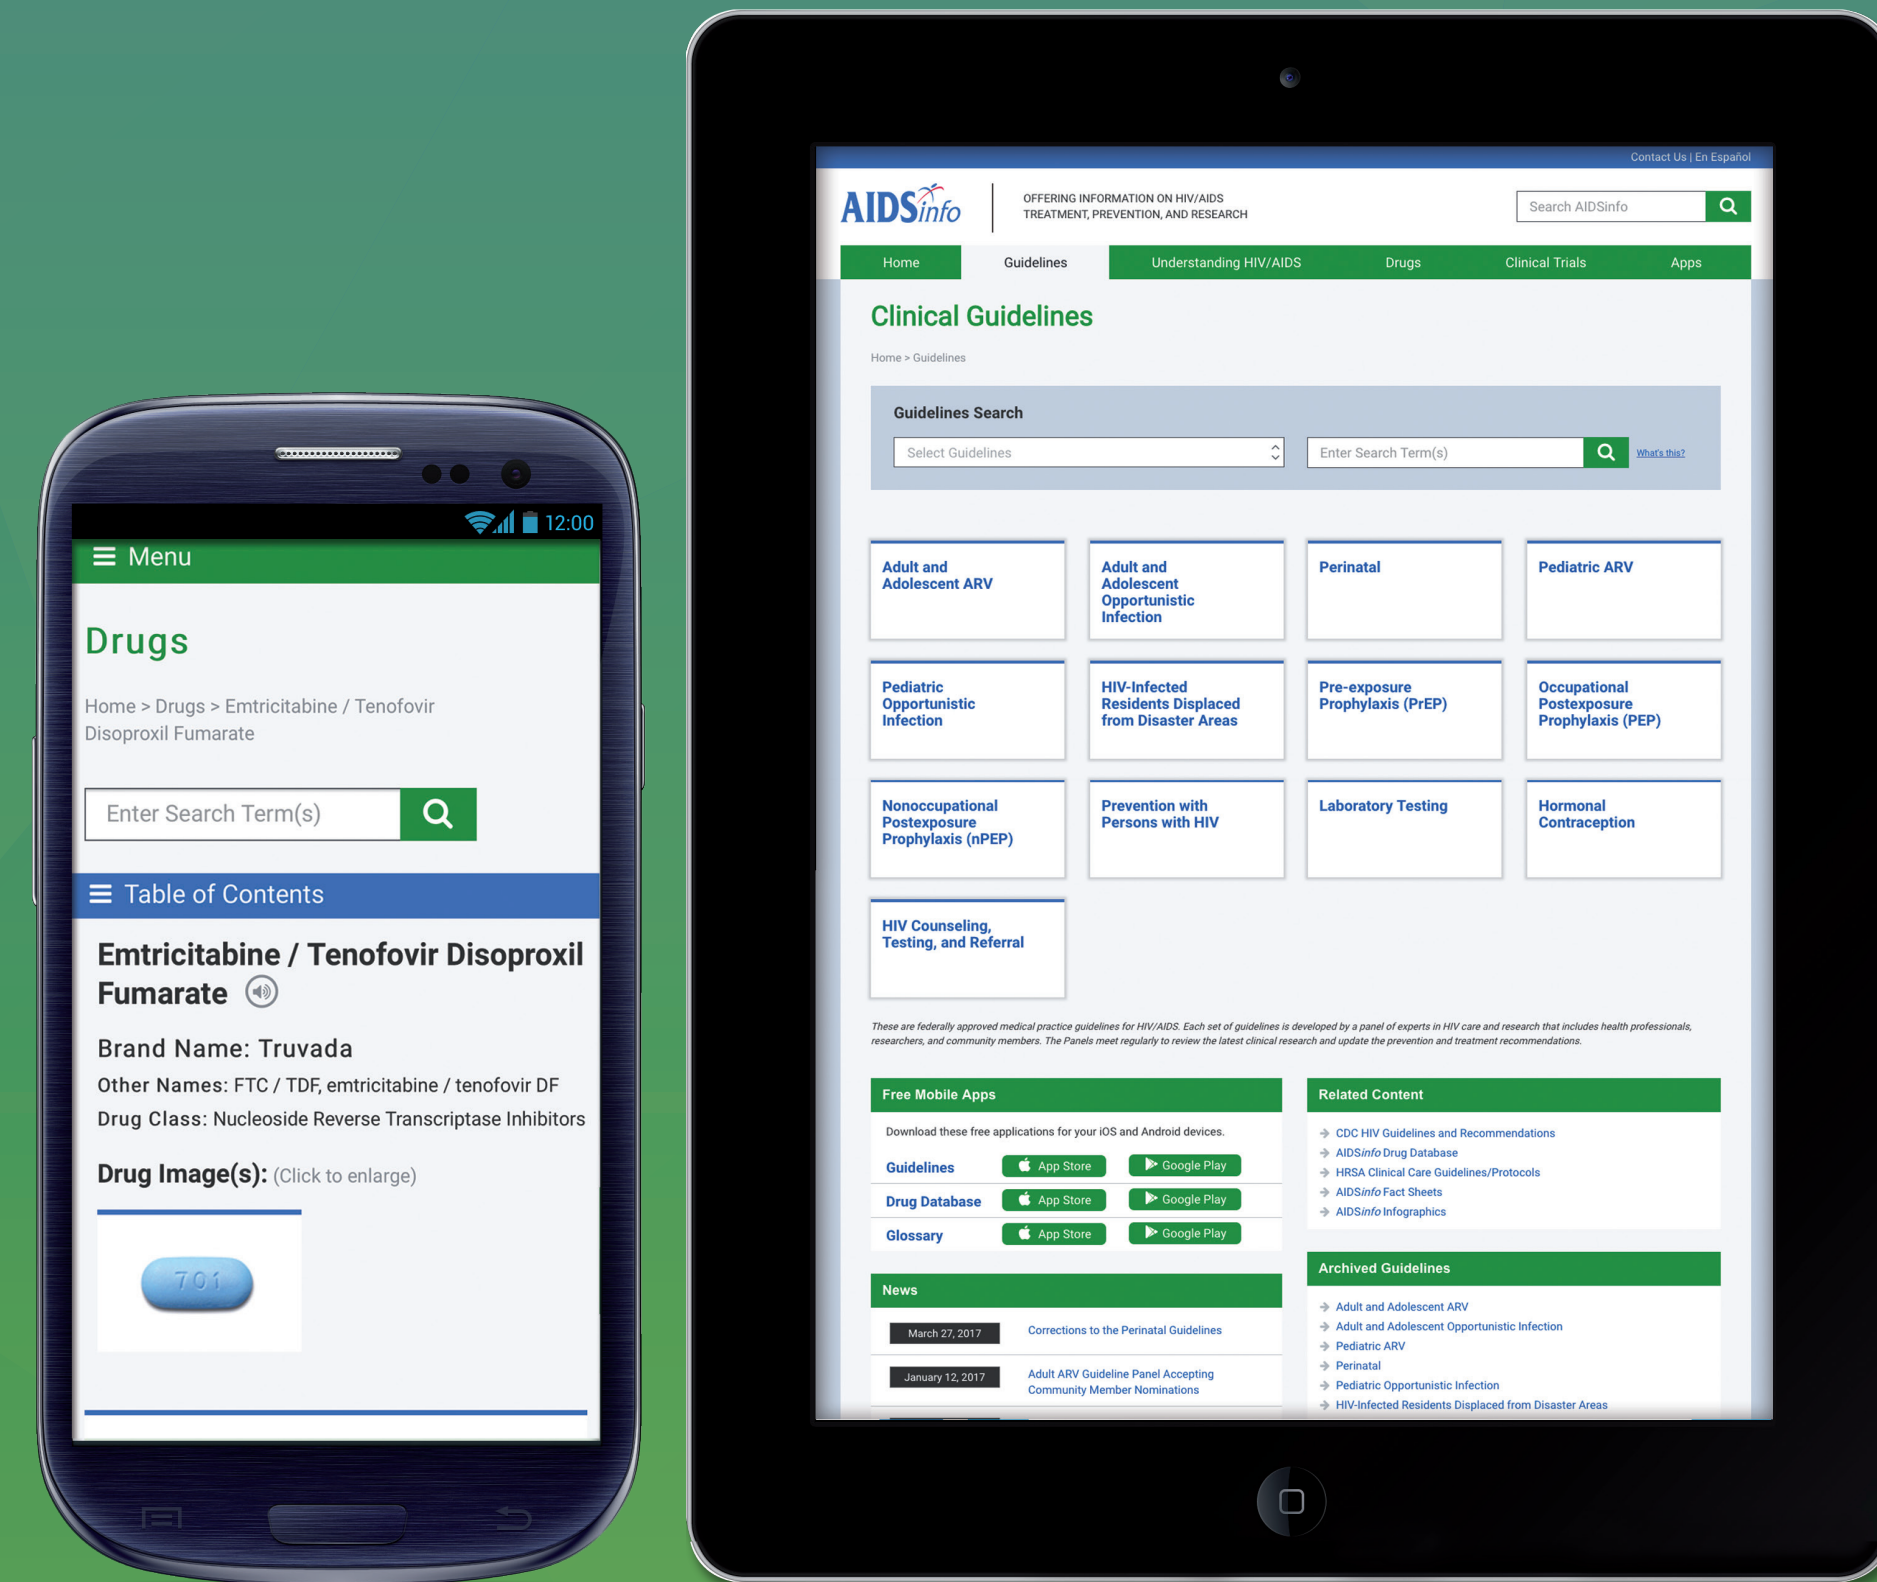

Lead Author: Nicole Scott, MPH, National Library of Medicine

Presenter: Allie McDougall, MSM, PMP, ICF

**AIDSinfo offers resources for HIV/AIDS treatment that are:**

**EVIDENCE-BASED**

AIDSinfo is the primary resource for the federally approved HIV/AIDS treatment guidelines which are based on the latest clinical research, and updated regularly by panels of health professionals, researchers, scientists, and community members. AIDSinfo users have easy access to FDA labels for HIV/AIDS-related drugs, clinical trial information, and patient education materials derived from the guidelines.

- The AIDSinfo website is mobile optimized for easy use on tablets and phones.
- In 2016, there were more than 5 million AIDSinfo page views.
- AIDSinfo Guideline and Drug Database apps are free to download for iOS and Android devices.
- Briefer versions of the guidelines will be available on the AIDSinfo website in the future!
